Music from the Swiss Alps in the San Francisco Bay Area

AlphornsSF has had a wonderful Autumn 2025. In mid-September, Monika, Peter, Stephen and Jonathon brought alphorn music to the Schwingfest wrestling at Swiss Park, Newark. Remarkably, that event was live-broadcast in Switzerland and we were noticed by Swiss news sources and the alphorn community there.

• Mary and Jonathon played on the UC Berkeley campus to the delight of many. Some spent an extended time listening to us, while others just enjoyed the music as they passed us by.

• In late September, Stephen and Jonathon had a great time playing atop a gorgeous swimming pool at an absolutely incredible Oktoberfest party in Alamo. Check out the video of *Ruhig* on our YouTube channel! Everyone enjoyed our music and we hope to be invited back!

• In October AlphornsSF made our first studio recordings of five different songs. After a lot of editing, Peter produced final versions. Please check our YouTube channel as we hope to upload the recordings soon, along with videos.

• More Autumn 2025 highlights include bringing urban echoes to people enjoying Lake Merritt on beautiful days (including Stephen's new eponymous compositions), making a connection with the company SierraAI who decided to adopt the alphorn for their celebrations, entertaining for the Hillsborough Racquet Club's holiday party, and alphorn lessons for new enthusiasts!

Please keep an eye on the AlphornsSF website for additional up-to-date information about our playing schedule. Please contact us with any questions or requests to join the fortnightly rehearsals mailing list. Have a great start to 2026!
